Hector,

I wanted to take the time to thank you and the rest of The Business for what everyone has called a smashing success at our wedding reception last weekend at the Abbey Resort on Lake Geneva.

As I mentioned to you, we enjoy hosting parties and events and we spent an incredible amount of time reviewing dozens of musical groups for our wedding. We ended up having 20 musicians who participated in our wedding weekend including the 12 members of your group.

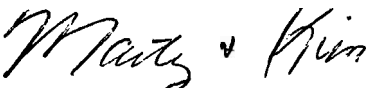

To make our selections we accumulated names of the "best" wedding bands, orchestra groups, and other musicians from numerous sources. We took the time to go and watch many of those bands and musicians while they were playing at other events. After a thorough review, both Kim and I agreed that The Business was the best of all of the recommendations.

You lived up to our expectations and then some! Not only was the music great, the dance floor packed (with young and old), and people enjoying your lively stage presence, but your professionalism with a professional engineer, your prompt follow up to all our phone calls and emails, your willingness to work with all the other musicians and vendors, and your great job of acting as MC for the overall function was absolutely perfect.

When you are planning a big event, you have a lot of moving parts to coordinate. If the band plays great music but doesn't follow through on other important event planning pieces, it can add undo stress for the hosts. With The Business we hit on all cylinders.

When looking for a big time band for an event, people can save a lot of time and start their search with The Business.

Thanks again!

  
Marty & Kim
